

MODPOOLS

Information Guide

Key Features

400,000 BTU/hr Heater Natural Gas or Propane

*250,000 BTU/hr Heater for our 10' Modpool

Efficient Variable Speed Pump

20' & 40' Modpools

*Single Speed Pump 10' Modpools

Pool & Spa Control System

(Compatible with: Android | Iphone | PC | Mac | Alexa)

Pool & Spa LED Light w/ RGBW Technology

180° Beam for Complete Light Coverage

Automatic Chlorine/Bromine Feeder

Relocatable

Equipment

Heater

- 400,000 BTU/hr (Natural Gas or Propane) – 20' & 40' Models
- Best in-class energy efficiency
- Outperforms industry standards for low NOx emissions
- Heats your Modpool fast and efficiently
- Super-quiet operation
- Built in safety features assures protection for you and your Modpool

UV Water Sanitation (Optional)

- No more red eyes, dry skin & damaged hair
- Sterilizes micro-organisms chlorine and salt water can't
- Reduce chemical use by up to 50%
- Environmentally friendly
- Simplifies pool maintenance

Control System

Wireless Remote or Wi-Fi Upgrade

- Controls filters | pumps | heater | spa jets | lights & more
- Fully control all operations via weatherproof remote, computer or mobile devices
- Save on energy costs with automatic scheduling
- Heats your Modpool fast and efficiently
- Compatible with Android | Iphone | PC | Mac | Alexa (Optional)

Variable Speed Pump (Standard on 20' & 40' Models)

- Energy savings up to 90% versus traditional pumps
- Ultra-efficient motor reduces noise & vibration
- Up to 8 programmable speeds
- Longer pump life when compared to single speed pool pumps

Equipment

Lighting

- RGBW color LED Lighting
- 28 W | 12V
- Direct control of colors with pre-built color modes for different occasions
- Brightest LED RGBW color light in the industry

Cartridge Filter System

- Easy cleaning – No tool required!
- 200 Sq.Ft Filter Size (20' & 40' Models)
- Balanced flow tank design allows increased dirt-loading without clogging
- Less frequent cleaning also increases filter module service life and lowers costs

Actuating Valves

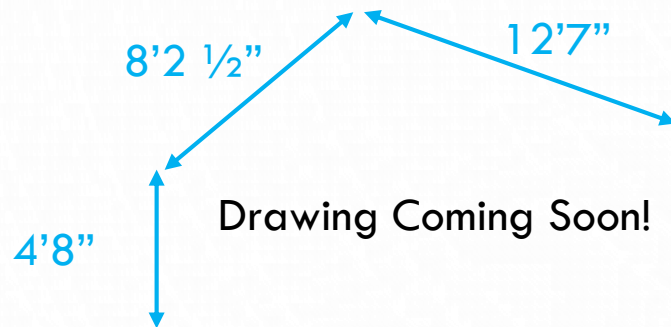

- Switch your Modpool to and from 'Spa Mode' on your computer or smartphone and let these automatic diverters handle the water flow!
- Maintenance free
- Efficiently heat the Hot Tub side of your Modpool by inserting your divider wall and setting your Modpool to "Spa Mode"!

Child Safety Cover

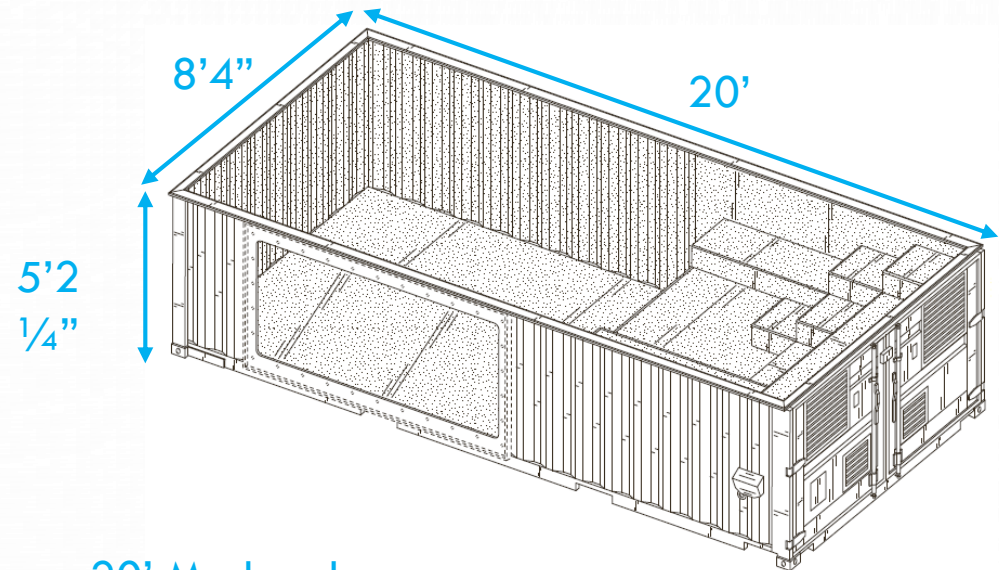

- Electric and Manual options available
- Capable of supporting the weight of several adults as long as your Modpool is filled with water
- Excellent for preventing children/pets from entering the water when not in use
- Certified to meet all electrical and safety standards

Measurements + Weight

12' Modpool Plunge

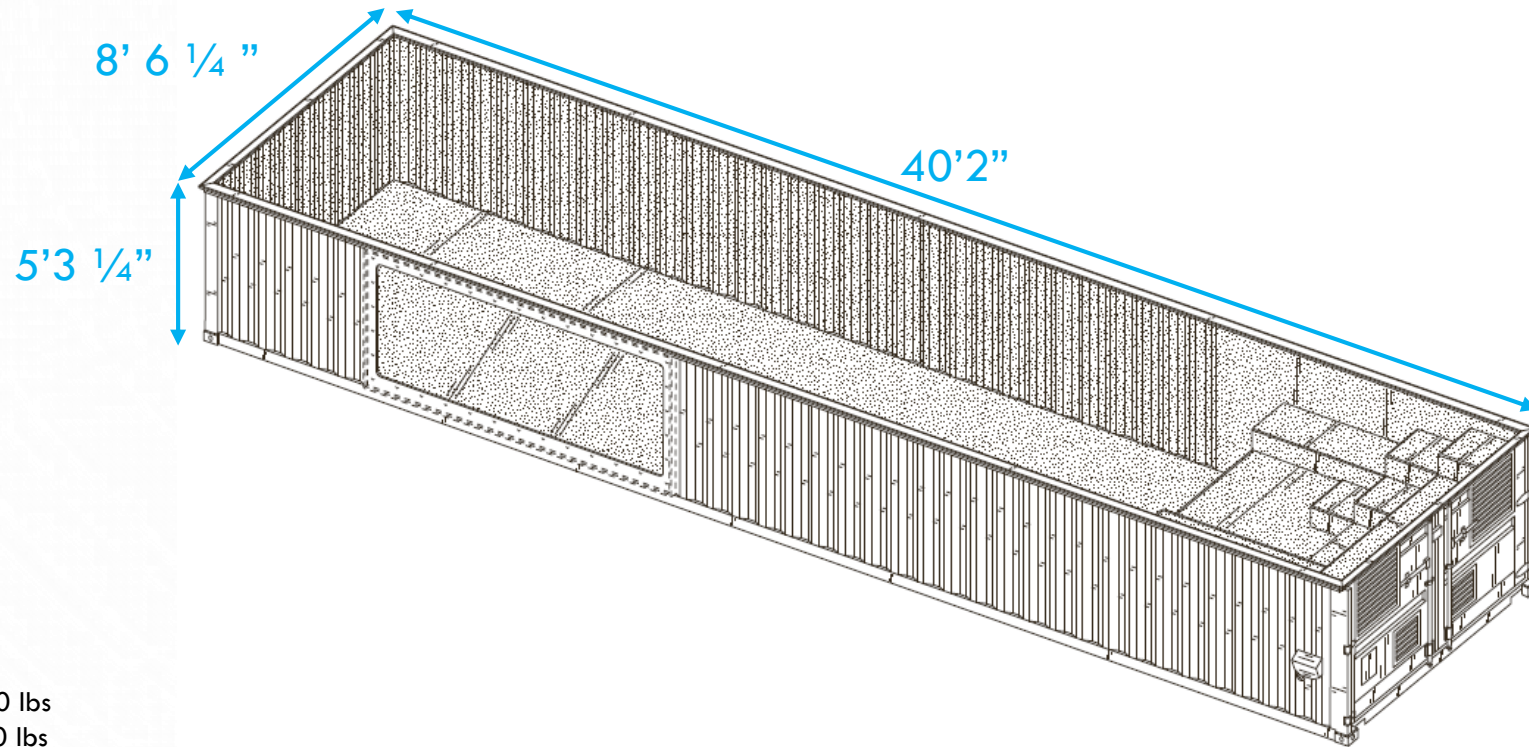

- Dry weight of 4,000 lbs
- Full weight of 20,700 lbs
- Maximum depth of 4'
- Water Capacity: 2,500 gallons

20' Modpool

- Dry weight of 7,800 lbs
- Full weight of 46,200 lbs
- Swimming water depth of 4.5'
- Water Capacity: 4,800 gallons

Measurements + Weight

40' Modpool

- Dry weight of 15,600 lbs
- Full weight of 95,000 lbs
- Swimming water depth of 4.5'
- Water Capacity: 9,600 gallons

Standard and Additional Features

12' Modpool "Plunge"

\$16,500 USD | \$21,900 CAD

- Cartridge Filter System
- Single Speed Pump
- Automatic Chlorine/Bromine Feeder
- 11KW Electric Heater
- IntelliConnect App

Options:

- ☐ 4'x6' Window: \$3,500 USD | \$4,500 CAD
- ☐ UV Water Sanitation System: \$750 USD | \$950 CAD
- ☐ Wi-Fi Kit Upgrade: \$150 USD | \$200 CAD (Ask your Sales Rep!)
- ☐ LED Light: \$650 USD | \$850 CAD
- ☐ Electric Child Safety Cover: \$7,000 USD | \$9,000 CAD
- ☐ Manual Child Safety Cover: \$3,500 USD | \$5,500 CAD

PLEASE NOTE: If any 1 or 3 of the following options are chosen, you will require an update to the Easy Touch system for an additional \$1000 USD \$1250 CAD:

- ☐ 250,000 BTU Heater \$2,100 USD | \$2,700 CAD
- ☐ Spa Seating with 8 Body Jets: \$2,800 USD | \$3,750 CAD
- ☐ Variable Speed Pump: \$550 USD | \$750 CAD

20' Modpool

\$29,900 USD | \$37,900 CAD

- Seating arrangement with 8 body jets
- Easy Touch Control System
- Variable Speed Pump
- LED Light
- Actuating Valves
- Cartridge Filter System
- Automatic Chlorine/Bromine Feeder
- 400,000 BTU Heater (Natural Gas or Propane)
- Surface Skimmer
- Hot tub divider wall

Options:

- ☐ 4'x8' Window: \$3,500 USD | \$4,500 CAD
- ☐ UV Water Sanitation System: \$750 USD | \$950 CAD
- ☐ Automatic Pool Chemistry Management \$2,000 USD | \$2,500 CAD
- ☐ Wi-Fi Kit Upgrade: \$150 USD | \$200 CAD
- ☐ 4'x10' Window: \$4,500 USD | \$5,500 CAD
- ☐ Electric Child Safety Cover: \$8,000 USD | \$10,000 CAD
- ☐ Manual Child Safety Cover: \$4,500 USD | \$6,000 CAD

- ☐ Baja Ledge w/ stairs: \$2,000 USD | \$2,500 CAD
- ☐ Custom Exterior Paint Color (Ask your Sales Rep!)

Frequently Asked Questions (FAQ)

If I order now, when will I receive my Modpool?

Production times vary dependent on the number of customers ahead of you in the queue. Please ask your Sales Representative for more details on how our production queue works!

Can Modpools ship to my area?

The beauty of our pools being constructed from a shipping container is the ease of transportation. Our Modpools can be shipped worldwide! Cost is dependant on location.

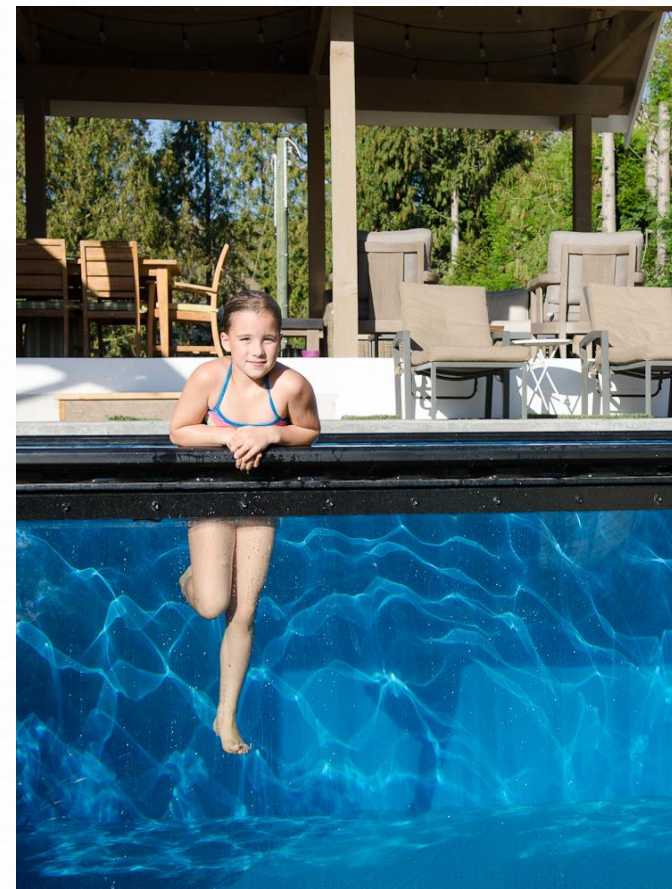

How does installation work?

Modpools will work closely with your local contractors, advising on proper installation procedures. Ground prep will likely be required. The most common and most cost effective footing for your Modpool is 8" of compact gravel. A concrete slab is another popular method.

Once our Modpools are placed, only two connections need to be made.

1. Natural Gas or Propane
2. Electrical Services

Frequently Asked Questions (FAQ)

How does the divider wall work?

When you feel like taking a dip in your “hot tub” simply slide your divider wall in place to create a water barrier! Switching your Modpool from “Pool Mode” to “Spa Mode” will heat the water from the hot tub portion only.

Can I add the Fast Lane system to my Modpool?

The Fast Lane by Endless Pools is an additional feature available for the 20' and 40' Modpools

Can I install my Modpool in-ground?

Modpools can be installed in-ground, partially in-ground or above ground. Ask your Sales Representative what you need to consider if you are looking for an in-ground installation!

Frequently Asked Questions (FAQ)

How do I pay? Can I finance my Modpool?

Yes! We offer 3rd party financing to our US customers. Please click the link below to see if you qualify!

Our payment plan works as follows:

- 30% due at time of purchase (within 7 days)
- 30% progress payment due when steel fabrication is complete
- 40% final payment due prior to shipment of your completed Modpool

Payment Types:

Wire Transfer

Couriered Cheque

*We'll pay for the courier. Ask us how!
